VII. Executive Compensation

- Gia Truong shared that the executive compensation recommendations are informed by the Board’s Executive Compensation Philosophy and Process, specifically that executive compensation should align with Envision’s mission, culture, values, and non-executive compensation approach and the need to attract and retain outstanding talent in its leadership roles.

- Based on the findings from our benchmarking analysis and Charter School Growth Fund (CSGF) national survey show that Envision’s current CEO and CAO’s salaries are comparable to others in similar roles in the Bay Area, California, and the West. Therefore, the recommendation is a 3% increase aligned to the minimum increase of any staff in the organization.

- Findings from our benchmarking analysis and CSGF national survey show that Envision’s other senior leaders’ (COO, CPO, and Executive Director of ELP) salaries are lower than the average of others in similar roles in the Bay Area, California, and the West. In order to better align to market comparables by 2022-2023, the recommendation is the following:
  - 7.6% increase in 2021-22 (the same average increase as non-executive compensation at EE)
  - 4.2% increase in 2022-23 to meet market

- Proposal includes: CEO’s salary of $230,081, CAO’s salary of $164,800 in 2021-22, and Chief Operating Officer, Chief People Officer and Executive Director of ELP’s salaries of $153,653 in 2021-22 and $160,106 in 2022-23.
  - Motion: Larry Hancock
  - Second: Kathi Burke
